**68: Do you have any comments or suggestions?**

0002	68	An ORV area in East Jefferson would be an asset to our county.
0005	68	A local OHV area would reduce illegal off road riding
0007	68	ORV areas should have trial, will climb, one-way trails to prevent accidents some place for less gifted riders to improve.
0008	68	Thanks for the consideration. Users in Jefferson County need a place to off road/motorcycle/ATV. All the places that were used have been shut down or converted to walking trails (Lanny Scott Trail).
0009	68	Must keep trucks separate from bikes and quads.
0015	68	I, Kelly Gord, am a Wolf Pack 4x4 Club member and would love to have a place to go play in the mud and on trails with my Suzuki Sidekick. Preferably in Jefferson County. Our club will help keep area clean and maintained while we are playing there.
0016	68	It would be great!!!
0018	68	We need an ORV Park to give people a place to go and do what we do best – play in the mud.
0019	68	I hope we get a new place to go have fun 4x4ing.
0021	68	I would like to see an ORV Park in every county and on all forest land.
0025	68	Our club consists of approx. 21 people, mostly couples, that enjoy camping and 4x4 activities w/our jeeps. We prefer designated, rustic camp areas, with plenty of space for privacy. We also volunteer for the forest service in our area every year.
0028	68	I think that the money I spend in other areas would be used and better spent in our area <b>if their was an area</b> , to have this type of recreation, and still get along with the other people not interested in this type of recreation. Still make a safe trail area to do all that is recreational and for pleasurable fun and safe
0029	68	Not having an ORV area does not make this go away. These vehicles exist and are being used off road, legally or not.
0031	68	I respect the land, and rules; we need more places to enjoy
0032	68	We need a trail system in our area
0033	68	Need more areas
0035	68	I would like to see a OHV/ORV area in East Jefferson County for all to enjoy. This is a family sport and as a mom of two children I think we need to promote family activities to help keep children in this county off of drugs/alcohol. And a sense of responsibility for themselves in this sport, activity. We all need to work together to open up trail systems so our children have a place to play on bikes, quads, and tracks.
0042	68	We support any off road park. It gives us a chance to enjoy our hobby! It would be a great thing to happen on the Olympic Peninsula!
0044	68	I and my fellow club members (Olympic Trailblazers) from Port Angeles would be willing to volunteer time to make this project happen.

**Miscellaneous comments**

## Appendix B.3: Jefferson County OHV Survey #2

We have been working on an Off-Highway Vehicle Feasibility Study for Jefferson County the past months and have narrowed but not eliminated the 11 DNR sites to 2 possible options to 1) a site on Skidder Hill west of US 101 off Snow Creek Road, or 2) a site on Penny Creek west of US 101 and Quilcene off Penny Creek Road – see the graphics. In order to assess the feasibility and impacts associated with these 2 sites, we need to know the opinions and possible utilization by OHV users within the county who might use the facilities. Please circle the appropriate response and fold, tape, and return mail it to the address on the back. **Please fill out the information for the drawing of the \$100 bond.**

**56: Do you have any suggestions about these two site possibilities?**

#	Q#	Comment
0010	56	Build them, and we will wheel legally
0016	56	Capitol Forest - jeep trail
0026	56	Trails with hills
0031	56	Just get them open for use
0034	56	We need more Recreation areas. This will relieve the impact to the current ones. People need to have outdoor recreation
0039	56	Overnight camping for tents or RV's would be highly desirable
0042	56	No
0045	56	Try to incorporate both to ease traffic and use at one specific location
0046	56	Why put it where the community is so opposed?
0049	56	I think the Penny Creek site is closer to a town that offers fuel, food, lodging and EMT's. Also less problems with 2 endangered salmon aceks
0050	56	Be fair to boxer sides for & against. Push for a site. Make it as family friendly as possible.
0051	56	I logged and built road in these areas. Put sign off the 2 lane warning cars coming up to come in to every corner as if they were going to meet a log truck and they should never have a head on. I drove log trucks off these roads since 73 never hit any body
0052	56	I strongly suggest putting in one of these sites for economic reasons and for good clean family fun which would help keep kids clean and out of trouble
0053	56	I think they both are wonderful spots. It promotes positive fun and drug free fun for my family and many other families: know.

0055	56	They will be much safer!
0056	56	Git R' Done!
0057	56	The further the site is away from the general public the better...People who don't ride OHV's <b>don't like</b> the noise, damage (? I can't read the writing) etc.
0061	56	It should happen
0062	56	Yes we need more things to do
0066	56	I just want them to be fun and challenging. The fact that you guys are looking at places in the local area is a great idea.
0076	56	Both areas have good possibilities
0078	56	We desperately need a legal area in order to enjoy our sport. This is a family oriented activity that can involve all ages. Physical limitations for some people, example = A person with limited walking skills can still enjoy the outdoors aboard an ATV.
