Jefferson County Parks and Recreation

HJ Carroll Park

Caretakers Wanted

HJ CARROLL PARK CARETAKERS WANTED. Jefferson County Parks & Recreation is seeking two people to play a key ‘live-on-site’ role. There is seasonal variation, but on average, the caretakers work 15 hours per week maintaining and supervising this beautiful day-use park. In exchange for your service, we provide a large, private, gated space with full hook-ups, yard, and storage space.

Bring your own RV, park model or tiny home. We pay all utilities. Year-round & long-term. Both caretakers should be available periodically throughout the day. This is an annual contract services agreement, not a Jefferson County employment opportunity. Apply now! Open until filled. First review of applications is September 1, 2020. For more info, see www.countyrec.com, or call Matt Tyler (360)385-9129.
